

Resources for Children/Young People.

Dear parents and grandparents,

Greetings and best wishes in the midst of the coronavirus pandemic.

The school closures and 'Stay Home' directive have given you an opportunity to spend extended time with your children and grandchildren. This may initially appear to be a challenge but it indeed is a great opportunity to spend some quality time with them.

It is an opportunity to provide them with the formation that only you (*parents and grandparents*) can provide in a very unique way. It is also an opportunity for you to turn to God as you pray together. I therefore invite you to take advantage of it and to maximize on it.

In an effort to provide you with resources that could be helpful during this time, I have found some online resources that I would like to recommend to you. Here are some websites with resources for you to consider:

-Catholicmoms.com

-Mycatholickids.com

-Catholicchildrensliturgy.com

Please know of my prayers for you, stay safe and God bless you all.

Sincerely,

Fr Simon Peter
