

To all our valued customers & school partners,

We are happy to announce that we will be entering Phase 2 of our Reopening Plans on Monday July 27th! Now that we have had several weeks to reconfigure our store and install plexiglass dividers and new signage, we are excited to welcome back shoppers into our store! We ask currently that only students who need uniforms and accompanying adults (maximum of 2) enter the store at this time so we can limit our occupancy. No more than 4 families will be permitted in the store at this time. Our front door is locked so we can control the amount of people in our store so we ask that you please call us when you arrive, and you will be let in as quickly as possible. We also kindly ask that you que outside 6 feet apart from any other families waiting outside for service.

Our new store hours effective Monday July 27th will be Monday 10AM-7PM, Tuesday thru Thursday 10AM-6PM & Friday and Saturday 10AM-5PM. We will have new Special Hours for Pregnant Mothers, Elderly shoppers, and those with compromised Immune Systems. For those customers we will allow them in Monday thru Thursday 9AM-10AM. Please call us ahead of time to schedule your visit for these special hours and confirm with us your situation so we can be completely prepared to assist you when you arrive.

There is a new Measuring @ Home section on our website which we will be adding to as the Summer goes on. We have also included size charts on most items on our website to assist you with shopping remotely. We require all adults and children over the age of 2 to wear a mask while inside of our store, if you do not have one we will provide you with one. Our dressing rooms and trying on clothes are not currently permitted but will be when we enter Phase 3 of our Reopening (Phase 3 will begin at the earliest 2 weeks after Phase 2 begins – tentatively scheduled for Monday August 10th).

We strongly encourage families to place their orders for Back to School as soon as possible. With the disruption to our store and industry we can expect orders to take much longer than normal as we work to get back to our pre-operating capacity – please plan accordingly. We encourage everyone to shop on our website <http://www.liebmanuniforms.com> as the best and safest way to get your back to school orders completed. We also are continuing to offer our Curbside Pickup Service and we strongly encourage clients to take advantage of this so we can limit the number of clients in our store.

We are excited that our reopening so far has gone smoothly, and we thank all our partners and clients for their patience and understanding.
