Second Sunday of Lent

CHANGE

Lent is all about change and change is usually not easy. In order to change we have to leave something behind. Today we hear about a very old man who decides to answer God's call. Abram experiences a tremendous amount of change when he leaves everything behind, risking it all for God's promise. Jesus changes, is transfigured, right before the eyes of his disciples. The Lenten scriptures issue the call for us to change, to be transfigured, so that we, too, will soon share in the glory of God. What is it that the Lord is asking us to leave behind? Are we willing to take the risk for the promise made by God? These questions are at the heart of the Lenten journey of conversion.

SAINT FRANCES OF ROME (1384-1440)

March 9

Nature and human nature—plagues and wars—turned late medieval Rome into a living hell, particularly for the sick and poor. Frances, by birth and marriage well provided for, was a devoted wife and mother; but like Benedictine Oblates, who to this day “pray and work” while living with their families and working in the world, she joined like-minded laywomen friends in ministering to society's most vulnerable. Frances' charity was not only “hands on” but “in home.” Her palace became a hospital after the plague claimed two of her three children. When her husband's death ended their loving marriage of forty years, Frances joined other widowed Oblates in community. In an interesting link to the United States, our nation's premier religious congregation for women of color, the Oblate Sisters of Providence, in 1833 established bonds of spiritual communion with these Oblates of Saint Frances in Rome. Though Black History Month is past, take a moment to learn about the good work that Mother Lange's spiritual daughters are doing still and consider supporting them as a Lenten project: www.oblatesisters.com.
