May 6, 2020

Dear St. Hubert Parishioners,

I am pleased to announce that we will celebrate Mass in our Rosary Walk on Sunday, May 10, 2020 at 10:00am. This Mass will be as brief as possible. Seating will NOT be provided for anyone! If you are unable to stand for 15 to 20 minutes, you must bring your own lawn chair. We will diligently follow the mandates of the State Fire Marshal's guidelines. All parishioners are asked to please wear a mask. Please be advised the capacity is subject to social distancing requirements and spacing of seated attendees with strict supervision provided by crowd managers. If the Rosary Walk reaches its safe capacity, we may need to limit admittance. Please limit group seating to persons who are members of the same household. Parishioners need to maintain 6-foot distance between persons or congregated people of a household from others when entering, moving about, seating and exiting. It is encouraged that persons not attend if they are 65 years or older or have chronic health conditions.

The governor said until May 15 only 10 people are allowed to gather for Mass in a church. However, after May 15 the governor hopes to increase the number to 25% of the church occupancy. We are planning to begin daily mass in the Church on Tuesday, May 19th with limited seating, but we will follow all guidelines mandated by the local and state governments.

We have not forgotten our high risk parishioners. After Tuesday, May 19th, we will implement a system where our parishioners who are elderly, homebound, or have chronic health conditions can receive the Eucharist in the safest way possible. More information will be available next week.

Thank you for your patience, cooperation and understanding.

May God's peace be with you and those you serve in his name.

Fr. Ray Hymel
