April 21, 2020

My Dear Brothers and Sisters,

May the God of peace be with all of you. We are all going through an unfamiliar period and it has caused a lot of stress among our families. Be assured that you are in my thoughts and prayers.

I continue to encourage each of you to follow the guidelines as shown by the National Task Force on the Coronavirus and pray daily for normalcy in the midst of the current health crisis.

Please continue to remember in your prayers the Doyle Danford family. Doyle is in UTMB in Galveston in intensive care. He has been there for several weeks. His wife, Sharon, is not allowed to be with him. We ask God to heal Doyle and give Sharon strength during this time. Please pray also for Barbara Wulf. Barbara suffered a heart attack and was in ICU in Bay City for several days. She is now at home wearing a vest that monitors her heart. She will wear the vest for 90 days and then the doctors will evaluate their findings.

We have postponed the bazaar until things return to normal. Some parishioners have asked if they should continue to sell the raffle tickets. The answer is Yes! We will have a drawing for the winners after these trying times.

Again, I want to thank all those who have been so generous in assisting us with your offerings. Without you we would not have been able to pay our bills. So many have come forward financially to help us and I am touched humbly by your love and support. I ask for your prayers that we will continue to be generous to God and will grow in our capabilities to help each other. May God bless each one of you and be assured that you are in my prayers daily.

In Christ,

*Rev. Tin Dham*
