

Dear Parents and Guardians,

My name is Katie Magee. I am the Family Care and Support Case Manager at St. Brendan School. I am writing to touch base and follow up on an email that was sent to parents and guardians in the fall.

- Do you have questions about government benefits such as SNAP, HEAP or Medicaid? I can help.
- Perhaps you've had an unexpected change in your household income and it has become harder to make ends meet. I can link you to community resources such as food pantries, soup kitchens and organizations that help with health insurance, employment counseling, housing issues and rent arrears.
- Need a referral for mental health or substance abuse counseling? I can help.

I will discuss your questions and assist you in a confidential manner. Please note that I am not able to help with school tuition aid requests.

I am available for appointments during school hours at St. Brendan or by phone on Tuesdays, Wednesdays, or Thursdays. Anyone may contact me at 718-904-1333 x 20 or by email at kmagee@adapp.org. I look forward to working with you.

Sincerely,

Katie Magee
