

January 22, 2021

Dear Parents/Guardians,

Each year, the Archdiocese of New York hosts the annual celebration of "***Catholic Schools Week***" to honor the students, faculties, staff, parents and families involved in Catholic Education. This provides us with an opportunity to join together as a community and celebrate the successes of Saint Brendan School. Please remember all COVID mandates (daily health screening, masks, social distancing, etc.) will all be adhered to; as safety is our first priority.

We are planning several events to celebrate "*Catholic Schools Week*" in Saint Brendan School.

Our week of celebration begins Monday, February 1st:

Monday, 1st: Favorite sport's team day- students will wear the colors or clothing of their favorite sport's team. Students will create a collage of reasons why they love St. Brendan's School.

Tuesday, 2nd: Math Challenge Day: classes will participate in Math competitions and challenges. Classes K-8 will participate in Mass virtually during their Religion class.

Wednesday, 3rd: All scheduled gym classes will participate in "field day" activities. Each class will participate in a school wide penmanship contest and complete a community service project: making Valentine cards for hospital staff and patients.

Thursday, 4th: All scheduled gym classes will participate in "field day" activities. Each class will participate in a Spelling Bee.

Friday, 5th: Literature Day; students will dress as their favorite character from History or novel/ story book and explain to the class why they chose the person (comic book/cartoon characters not permitted). Classes K-8 will create prayers and display them.

I would like to take this opportunity to thank you for your support and your commitment to both Catholic Education and especially to Saint Brendan School.

Sincerely,

Ms. Michele Pasquale
