*WHAT DIRECTION ARE YOU GOING IN
YOUR LIFE?*

*WHO ARE YOU INVITING ON THE
JOURNEY WITH YOU?*

Evangelization at SLDM

Our Focus to accompany someone on their journey explained

Alpha is an opportunity for you to invite someone on the journey to knowing God in a personal way. Many people we encounter in our lives are searching for more. They are not fulfilled with what life is offering them right now. They are in a routine of the daily grind.

Alpha is an evening that brings people together around food and discussion. There is no catechesis in Alpha. Instead, it is an opportunity for people to be part of an honest discussion on how they interpret God, the world, hopes, fears and dreams for what life may have to offer.

Start the conversation now about Alpha and the idea of joining you for an evening. Offer to pick them up and you can drive together. If they want, they can invite others to come with them. Maybe try to get an entire table to come together. The most important thing is your commitment to be with them each week and accompany them on the journey.
