Library Manager System

We are proud to announce St Augustine's new Library system. We now have an online library where students, staff, and faculty can log books in and out electronically. The library is presently under construction due to cataloging. However, some books are already available on the library site. There are several new books in the library but they are not cataloged because barcodes are yet to be delivered. Older books are on the site because they already have barcodes from previous years. To access St. Augustine Library Website – www.destinydiscover.com.

We would remind Parents that the office will no longer have cash change available at anytime. Please have the exact amount for any monetary transactions and please include your child(ren) name in the memo on the checks or money order.

National Aquarium

May 15, 2019

Dear Parents/Guardians:

As we draw closer to the month of June, we hope our trip to the **National Aquarium** will be a fitting end to a memorable year.

To make this trip a reality, we are asking that *permission slips and monies be sent in by **May 24, 2019.***

Students must bring in their *permission slips accompanied by payment. Verbal commitment is **not enough.** The actual number of permission slips and payments received will determine whether our cluster can go or not.*

For liability reasons, parents who are required to attend the field trip with their child, and who are **not VIRTUS trained,** will have the responsibility of taking care of their child only and therefore not be able to supervise any other child or group of children.

Thank you for always being supportive. We look forward to our **fun day at the National Aquarium.**
