

# Letter of Permission to Communicate with Faith Formation Students

**Dear Parent/Guardian and Students:**

As part of St. John Vianney Parish's Faith Formation program, students will be asked to read material at home, watch video content, and complete assignments either in their books or on the computer. Weekly assignments will be sent electronically to BOTH parents and students to ensure parents are aware of expected work. For weeks when there is no in-person session, students will need to submit their homework electronically.

This form provides parental permission for electronic communication (e-mail, text, etc.) between students and catechists. Student e-mail addresses and phone numbers will not be shared with other students in the program.
