

## 2411 Invalidity of Incardination – 6-7-2018

**2411.1 Statements relating to suitable character and fitness are conditions *sine qua non* for incardination into the Archdiocese of San Francisco. False statements, material misrepresentation of facts or fraudulent concealment of facts in this regard shall invalidate any juridical act of incardination (cann. 125, §2 and 126 CIC; cf. also can. 63, §1 CIC)“.** If the incardination is invalidated under this provision, the priest would go back to his former diocese. The original bishop would be made aware of this policy in advance, and this would be an explicit condition on accepting the priest.
