MASSES ON BEHALF OF PRISONERS AND THEIR FAMILIES

Archdiocese of San Francisco Restorative Justice Ministry Announcement

The Restorative Justice Ministry seeks to bring the word of God to our incarcerated sisters and brothers so they have a personal encounter with God and through this encounter become transformed and renewed members of our society, our churches, and their families, once they are released back into the community. We believe that God has a plan for each person to be reconciled and restored through the love and truth of Jesus Christ. Therefore we also support friends and families of our sisters and brothers either incarcerated or formerly incarcerated.

Please join us and them in solidarity and prayer:

Basic Restorative Practices

Introduction to Restorative Practices and Using Circles Effectively (28 CEU HOURS)

- From day one, you will learn a range of strategies you can use every day. You’ll learn how to set high expectations while being supportive. You will practice how to provide direct feedback and how to ask questions that foster accountability.

- You will also learn the most effective methods to resolve common conflicts.

- We devote the second day entirely to teaching attendees to facilitate restorative circles. Circles are an essential process for building social capital, resolving social problems and responding when harm occurs. Circles create a positive learning environment.

- You will learn by participating in circles with other attendees, taking turns to learn how to facilitate. By the end of the day, you will be prepared to return to your setting and run your first circle!

Facilitating Restorative Conferences (28 CEU HOURS)

- Effective responses to incidents of conflict, wrongdoing and harm are the hallmark of restorative practices. We dedicate two full days to teaching you how to facilitate a formal, scripted circle process to address racial incidents, bullying, vandalism and other serious infractions.

- You will learn all the steps required to conduct a restorative justice conference, from determining the readiness of victims, offenders, their families and friends to participate, to running the formal meeting itself.

- Even if you will not be responsible for conducting conferences yourself, you will learn how to better address everyday conflict and incidents in your workplace and community. Skills taught include monitoring your own reactions in stressful situations, listening with empathy and creating shared understanding among conflicting parties.

Who Should Attend

Community leaders who want to gain foundational Restorative Practices skills to support survivors of homicide, prisoners, people in reentry and families of prisoners.

Eligibility

To enroll in this training participants must commit to conduct a 2 hour (minimum) presentation of the 4-day training with at least 15 people they outreach to attend in a setting you choose. The presentation must be done within 45 days after the 4-day training is completed. To register visit: sfarch.org/rjministry-training

Leadership Development Training Attendees
About Center for Ministry Development – YNIA. Young Neighbors in Action, is a nationwide service-learning program that provides a solid, Catholic approach to service and justice that balances Scripture and Catholic social teaching, with direct service and a justice consciousness. YNIA has designated the Archdiocese of San Francisco as one of the mission trip education sites. The Restorative Justice Ministry - JR. Pen PAL Project encourages youth to develop their leadership skills in Restorative Practices. Upon completion of their participation, students share what they understood and plan ideas for actions in their own lives. YNIA brings new teens every year from around the nation, to learn more visit sfarch.org/rjministry-videos
