## Fly Program

Founded in 2000, Fresh Lifelines for Youth (FLY) is an award-winning nonprofit serving Bay Area youth involved in the juvenile justice system and those at risk. We educate them about the law and their rights, give them positive mentors and role models, and support them to become leaders among their peers and in their communities. Our vision is for a country where all kids grow up valued and supported, and the pipeline to prison is replaced with meaningful opportunities for them to live healthy, free, and productive lives.
