

Thank you for your generous donations of sandwiches to St. John Hospice! So many sandwiches have been received that there is no longer storage space! At this time, no more food can be accepted. That is great news. You can put away the pb&j for a while.

Help is still needed. If you want/able to help the essential workers and residents of Catholic Social Services, Uber/Lyft gift cards and Grub Hub gift cards are still greatly needed. You can send your donations to any of the sites on the attached document. No donation is too small! Please share with your community. On behalf of the folks who live and work with our most vulnerable, thank you.
