September 2012

Dear Parent/Guardian,

After months of research and study on available national and international accrediting agencies headquartered within the states, the Diocese of Metuchen decided to transfer the accreditation of its Catholic elementary and secondary schools to AdvancED. The transfer of accreditation was effective August 8, 2012.

Accreditation is a mark of quality that signifies our commitment to educational excellence. Our school has been awarded the status of accredited. We take pride in our accreditation and so can you. Our school satisfies the conditions for accreditation established by the Commission, meets AdvancED standards and criteria, and demonstrates compliance with AdvancED policies.

As an AdvancED accredited school, we are part of the AdvancED network of 30,000 schools and systems in 75 countries that are committed to continuous quality improvement through accreditation. Through regional and national offices, AdvancED offers a wide range of services to its schools and school systems including workshops, conferences, web-based resources, publications, surveys, and technical assistance. AdvancED welcomed us into the network and looked forward to working with us to advance education quality worldwide.

Should you have any questions, please feel free to contact our office.

Sincerely,
