

March 5, 2020

Dear Parents/Guardians,

In response to concerns that you may have regarding the coronavirus outbreak, we would like to keep you abreast of the precautionary measures taken within our building. We continue our scheduled nightly cleaning which includes deep disinfection of all surfaces, knobs, banisters, and chairs.

Teachers will also continue preventative practices within their classrooms that include disinfecting student desks, chairs, Chromebooks, and other high volume, tangible objects.

We strongly encourage students to bring water bottles to class, in lieu of using the water fountains, if drinks are necessary.

Hand sanitizer stations are located all throughout the hallways on both floors. Please remind your children to utilize these stations, as our staff members will encourage this practice throughout the day.

Just a reminder that our bathroom sinks and paper towel dispensers are hands-free to use!

The well-being of our children is our utmost concern, and rest assured that we are committed to keeping our school environment the safest place to be!

Blessings Always,

Mrs. Naviello
