

2020-2021 Archdiocesan Instrumental Music Program at Holy Redeemer School

The HRS band program is going virtual to start the year!

★ Students in grades four through eight are invited to enroll in online band lessons this school year.

★ Returning band students are encouraged to continue, even if a pause was taken during the closure last school year. The online lesson format will allow us to shake off the rust and quickly get back in step with the previous ability level!

★ Are you interested in joining the band program as a beginning student? We are, indeed, offering instruction for new students in our online format! Please contact our band teacher for a comprehensive and transparent guide on participating in virtual band instruction as a beginning student - (*contact information at the bottom*).

★ Check out the Archdiocesan Music Program's 2020 registration form using this link:
