

St. Ann's School
Pre-K Newsletter

March

March 2021

February was full of learning despite the snow and cold! We concluded our transportation study and we will be finishing up our study of light this week. We are trying to put together a special presentation to showcase and celebrate our PreK students. Be on the lookout for more details this week! We will also be starting a new study about water as well as having some fun experiences such as Dr. Seuss' Birthday and St. Patrick's Day when we are ALL Irish for the day!

Please make sure to read Mrs. Ficchi's weekly newsletter which is emailed to you each weekend. She frequently includes forms and notices as attachments. If you are not receiving these emails please let us know! If you are interested in registering for our Kindergarten program for September 2021, please make sure to call Mrs. Koppenheffer in the office - seats are filling fast! If you know anyone who would like to register for our UPK for September 2021, they can do so on the DOE website using our code RABL.

Reminders:

St. Ann's will be closed from Monday March 29th through Sunday April 11th for Easter recess. We will return to school on Monday, April 12th.

Upcoming Themes:

- Week of 3/1 - What is darkness? What are shadows?
- Week of 3/8 - Where can we find water? What are different bodies of water?
- Week of 3/15 - What happens when water changes temperature? What happens when you put things in water?
- Week of 3/22 - How does water help us?

Home Connection Activities:

Continue working on your weekly assignments in your notebooks or on Seesaw! Read to your child every night! (Have them look for sight words on the pages as you read!)
