

Popular Pizza

By Joseph Venziano and Justin Arenas

On an average day at St. Charles school you can find about 115 people on the hot lunch line. However, on a Thursday there are about 220 people on the hot lunch line. Why ? It is pizza day!

As you can see, pizza is the most popular lunch in our school hot lunch system. A lot of times you can find kids still eating because of how late they got their lunch. It is \$5.25 for two slices of pizza, some fries and a big water bottle. The little kids get one slice for \$4.00. They also get some fries and a little water.

“The pizza lunch is really good,” said Justin Arenas. Many people get lunch all week but most just get pizza.

I guess the children of St Charles can't resist some pizza and French fries, and it looks like that pizza lunch line will continue to be long!
