February 11 is World Day of the Sick, a tradition started by Pope John Paul II as a way for believers to offer prayers for those suffering from illnesses. The day coincides with the commemoration of Our Lady of Lourdes. People around the world take the time to pray for the sick and for those who work very hard to alleviate the sufferings of the sick on this day. Today we remember in particular those who are suffering from Covid and those who are assisting them.

***With prayers
and best
wishes,
Fr James***
