

Marriage

Our community is dedicated to making this time for marriage preparation an experience that will be beneficial and one that will remain with you through the years.

Engaged couples are encouraged to contact the Church Office as soon as they begin plans for their marriage, at least one year in advance. No date should be set or reception hall reserved until such time as the couple meets with the priest and their freedom to marry has been confirmed.

To begin this process, call the Church Office: 715-748-3336 ext. 247
