Table of Contents

The 9-12 curriculum is formatted to be used in two ways:

- ✓ *The traditional way: lessons taught to the identified grade.
**The lesson for grade 12 is only to be taught to seniors.*
- ✓ *The second way: select any one of the 9-11 sections or alternate lessons to teach to the class or group. Remember that all four lessons in grade 9 equal a section and must be taught together. One may consider presenting the 9th grade lessons as a retreat. Leaders will need to keep a record of what lesson is taught each year.*
