

Important Information Regarding Genesis

Parents,

The Genesis Parent Portal is currently open to all parents in Grade 1 to 8 who had an account last year.

When parents log in to Genesis you will only see the Student Summary, which includes: homeroom, birthday, student Id, attendance and contact information for Guardians 1 & 2. The information has not been updated for 2019-2020.

Once teacher grade books and scheduling are complete, the assignment and grade book module will be opened. I will advise you of the date. The link to past report cards will be opened in October.

If you have forgotten your password, please use the 'Forgot Password' link. If a parent is locked out due to multiple attempts using incorrect credentials, contact Mr. Will at swill@pjpiirs.com and he will contact Computer Services for a reset.

All new parent access accounts in Grades K to 8 will be created next week. These parents will receive their credentials via email.

Thank you,

Catherine Zagola

Principal
