Updates Relating to the Novel Coronavirus (COVID-19) for Catholic School Families

Catholic Elementary Schools within the Archdiocese of NY to Close from 3/16 through 3/20/20

IMPORTANT ANNOUNCEMENT | Thursday, March 12, 2020. (Click here for the Spanish version of this announcement.) Superintendent of Catholic Schools Mr. Michael J. Deegan has announced Catholic Schools within the Archdiocese of New York will close all elementary schools in our system effective Monday, March 16 2020 until Friday March 20th, 2020, with the possibility of a lengthier closure. Informed by expert health officials and the Health and Safety Task Force of the Office of the Superintendent of Schools, this decision was made out of an abundance of caution. The health and safety of our students, staff and families is of the utmost importance.

Additionally, after consultation with the leadership of the Catholic Youth Organizations and the Catholic High School Athletic Associations, all activities and all sporting events and practices have been cancelled indefinitely.

We are continuing to monitor the situation surrounding COVID-19 (Coronavirus). It is rapidly changing and we are closely following the advice of city, state and federal health officials. We will keep you informed.

We truly understand that taking this action may cause some disruption to our families, but we strongly believe that these measures taken now will have the greatest success of decreasing risk to the whole community.

Over recent days our dedicated principals and teachers have been preparing educational materials for ongoing home-based learning to ensure our students continue to be academically engaged.
