Dear Parents,

This has been a week fraught with many technical challenges for students, parents, teachers and administration.

Apparently, Zoom has been having trouble handling the large volume needed to do remote learning for students from all school – both public and private. We have been informed that Zoom is working on a solution and we look forward to better connections next week!!!!

We sincerely thank you for your patience and your understanding .

Have a wonderful weekend!

Sr Mary Elizabeth Donoghue
