# Lego Club!!

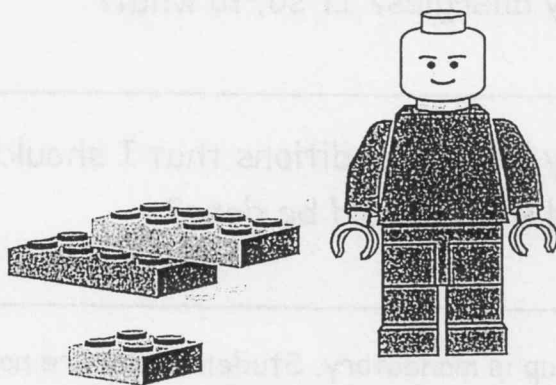

Does your child love to build and create, have a great imagination, and LOVE Legos?

Play is one of the primary ways children learn about the world. They are natural engineers, constantly asking questions, and imagining new things. That is why Legos are ideal. Plus, they are tons of fun and they allow children to be even more creative.

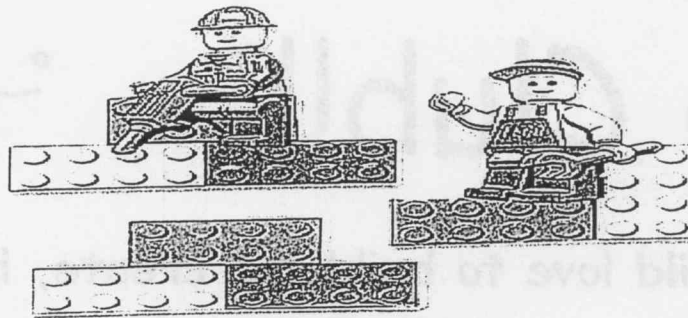

The Lego club will provide an opportunity for students to grow creatively while strengthening fine motor skills and hand eye coordination all through fun Lego building projects.

**Lego Club will meet Tuesdays from 3:45-4:30.**

Students in Kinder through 2<sup>nd</sup> are invited to join. If you are interested, please fill out the attached form and return it.

First Meeting will be Tuesday, September 10, 2019
