

# Art Room News

According to CDC guidelines, students should avoid sharing art supplies when in school. Because of this, I am asking that all students buy their own art supplies and keep them in a supply box with their name on it.

Suggested supplies for your child's personal use:

- Pencils for drawing (a regular #2 is fine)
- Colored Pencils
- Markers
- Crayons
- Scissors
- Glue sticks
- Ruler

You do not need to buy paper or painting supplies. If we do paint in school, we will clean the brushes according to CDC guidelines. If you would like purchase paint and/or brushes for your child's personal use, please contact me prior to purchase.

Thank you and have a great summer!

Mrs. Appel
