- ◇ Tuition assistance available

Our History

St. Thomas More Catholic School began as a Catholic elementary school with Grades 1-5 on September 19, 1960. Expansion to the school in 1992 led to current enrollment for grades Preschool through 8th. STM is recognized by the Diocese of Rockford and the State of Illinois as a fully accredited educational institution.

Recognizing individual talents and abilities, we provide an educational program that allows children to develop to their fullest extent as whole and responsible Catholic persons. Guided by the grace and power of the Holy Spirit, we seek to empower students with the values, knowledge, and skills required to thrive and positively contribute in today's Church and world.

Academics and Beyond

St. Thomas More Catholic School is motivated to meet the standards of its students. Students are provided a curriculum that challenges them to discover and not just learn. The curriculum for students in grades PreK-8 is arranged to contribute to the total development of the child spiritually, academically, socially, and physically with technology integrated to enhance the teaching and learning. Students learn with the benefits of technology using computers and Chromebooks on a 1:1 ratio.

Student life extends beyond the walls of the classrooms at STM. Whether it's enriching the academic experience by witnessing a solar eclipse or getting involved in extra-curricular activities like band, sports, Math Club, or enrichment classes in science, art, and drama. STM offers supplemental activities and classes for all grades.

Our Faculty

St. Thomas More School Faculty is comprised of lay teachers who are very committed to Catholic education. All of our staff endeavor not only to teach Catholic doctrine and values, but to help the students live the Catholic message in their daily lives. The faculty gives generously of themselves to provide the best quality education for each child. In partnership with the family, the school will help each child develop to his or her greatest potential.

Our highly qualified staff all hold Bachelor's degrees, with nearly all holding Master's degrees. The combined years teaching experience of the staff totals more than 300 years!
