Geometry Exploration

This past month the 4th grade class explored geometry. The children created acute, obtuse, right, and straight angles with straws and presented intersecting, perpendicular, and parallel lines on geoboards. Students also drew and measured angles with protractors, and drew circles with compasses. They learned a lot and were able to successfully demonstrate this knowledge!

They learned a lot and were able to successfully demonstrate this knowledge!

Circuit Fun

7th grade students had fun in Science class learning about circuits and then putting their knowledge to the test. The students made miniature lightsabers that utilized simple circuits to light them up. It was an enjoyable STEM experience for the students!

The 50 States Club

Mrs. Varley is proud to announce that ALL of this year's third graders have gained admittance to *The 50 States Club*! Every year the third graders learn where all 50 states are located on a map. Once students can successfully fill in a blank map with all the states' names in the correct place, they become members of the club. Congratulations, third grade!

From the Principal's Desk:

Dear STM families,
Well, there are only three and a half school days left and this school year is officially over. How quickly it went by! Our 8th graders this past week enjoyed dress down days every day, an afternoon picnic full of fun games yesterday, and a breakfast awards ceremony this morning. Tomorrow is graduation at 3 PM in the church. and is a ticketed event. Today was the last day of school for our preschoolers. Our first annual Read-a-thon ended this past Monday. Thank you for everyone's support in this new and exciting fundraiser! Our last STM Spirit Wear Day for this school year was yesterday. It is so wonderful to see them showing school pride! Mrs. Rizzo will be doing Field Day this year, but not all in one day. She will be doing a new fun activity with each class during the last week of school to celebrate field day in a safe way. Please remember that May 27th is a half-day with dismissal at 11:30 AM. Also, a reminder that there is no After Care available on the last day of school. Please remember that more pictures of events at the school are posted on the school's Facebook page – be sure to check it out. Thank you for all your continued support of our incredible school! Have a pleasant weekend.

Blessings,
Mrs. Sonja Keane

Music Lessons

with Mrs. Aukofer

Private Music Lessons*

For over 25 years, I have been a dedicated music educator, director, and performer, educating children as young as 5 years old to adults. I enjoy teaching all levels and ages.

As a music educator and professional musician, I value the opportunity to teach and enrich the lives of others through the gift, joy, and discipline of music. I have a Masters Degree in Music Performance and K-12 Music Education Certification.

**Until further notice, masks are required for teacher and student. Piano is cleaned before/after each lesson. Lessons are in the large auditorium. Parents are welcome, but must wear masks.*

Who:	Beginning to Intermediate Levels Age 5 to Adult
What:	Music Lessons (piano, voice, flute)* <i>masks required</i>
When:	30 min lesson once a week
