February 24, 2021

Dear Parent(s)/Guardian(s):

We are sharing the following information regarding OLC Family Enrollment for the coming school year 2021-22 for Grades 1 to 8. Mindful of the present number of students in a Homeroom/Cohort (25, so far) it is necessary for us to delay the registration of new students until we are aware of the plans you have for your child(ren) in the coming school year. To this end, a new re-registration form will be sent home this Monday, March 1st. This form and the usual \$100 family registration fee are to be returned to the rectory by Friday, April 16th. After April 16th we will then be able to register new families in our school, with the possibility of a waiting list.

Father Babowitch is very hopeful that you continue keeping up with your weekly parishioner contribution of \$10 in your Church envelope. This is especially important to keep the school/parish in good stead financially as the COVID-19 pandemic has diminished reliable funding in the weekly collections and our SCRIP Program. We truly appreciate your support of our Home & School fund-raisers because they have assisted us financially with sanitizing necessities and recently, licensing for our new chrome books. Your attention to the above is most important as we continue to navigate these challenging times, prayerfully hopeful for a promising September. As always, your support and encouragement are greatly valued, as are you and yours.

With warm regards,

Sister Mildred
