

Saint Irene and Saint Sebastian protect our medical professionals and first responders to remain in good health. Inspire through the work of God's grace those who are to glorify God in finding the treatments and cure to what afflicts us at this time. We thank you for your care and for your intercession.

PRAY FOR US, SAINT IRENE.

That we may be made worthy of the promises of Christ.

PRAY FOR US, SAINT SEBASTIAN.

That we may be made worthy of the promises of Christ.

Grant us, Oh Lord, we beg you, "to extinguish all the fiery darts of the most wicked one" (Eph. 6:16b), who did grant unto Saint Sebastian, the famous Martyr, the defender of the Church, and the repeller of plague to overcome the torments of his arrows. Grant us also to possess the graces and healing touch of words and actions that were endowed in your servant Saint Irene, that we too may be an instrument of resuscitation for those lacking breath in you.

We make this prayer through Christ our Lord. Amen.
