

June 23, 2020

Dear Incoming Second Graders,

I am so excited to have you next year!! I know that you learned so much this year in first grade. I would love it if you share them with me in September!

I have assigned some work for you to do throughout this relaxing time. I hope you like picture books, because I love them! I love stories, and I hope that you will come to second grade with lots of stories to tell about some fun things that happened this summer.

Looking forward to spending next school year with you!

From,

Mrs. Wach

## Math

Along with the fun math websites below, please work with your child to master the addition and subtraction skills 1 - 10 (if after this is mastered, up to 18). Use tangible counters and frequently have them count their snacks, toys, money, etc. throughout the summer. I have attached a "Base Ten" cards for this purpose. This will build a firm foundation for the work that will begin in second grade.

## Writing

### 1. Pick one of your favorite books you read over the summer, and draw and write about it!

Look over your reading log. Which book did you enjoy the most?

- Draw a picture with lots of details in color.

Choose one of the following:

- Write a short summary. (What was it about?)
- Describe one character's personality (sneaky, funny, clever, bossy, etc.)
  - Give examples of the character's personality in the story.

### 2. Pick one fun summer experience and draw and write!

Please draw a picture of your favorite experience over this coming summer. The drawing should have lots of details and be completed in color. On another piece of paper, please write about what you drew.

Please have the drawing done on regular 8  $\frac{1}{2}$  x 11 white printing paper. The writing is to be done on ruled loose leaf paper.

The heading should look like this below:

Name	Date
<u>Title</u>
