July 23rd is National Parents Day

In May we celebrated mothers, and in June we celebrated fathers. It follows that in July we can bring all our parents together and show them some appreciation all at once. Parents play a vital role in the lives of children. From the day we are born, parents are our protectors, teachers, providers and role models. As families, they are the core of our communities. On National Parents’ Day, we honor all parents for what they do every day to raise up their children in a world that is constantly changing and challenging.

Children, spend some time with your parents or visit someone who was like a parent to you.
