

CWBN Ambassador program.

A CWBN subscriber may earn one 12-month subscription free of cost by referring five new, approved annual subscribers to CWBN. To qualify, a referred subscriber must be a person, organization or business who has not been listed in the CWBN directory within the past 12 months. The referred subscriber must indicate the name of the referring Ambassador (whether person, organization or business) on the referred subscriber's completed application, which must be submitted to and received by CWBN for approval and annual pre-payment received and applied. At such time as 5 referred subscribers have been approved for inclusion in the CWBN directory according to the terms of this section, the referring Ambassador will receive an additional subscription term of 12 months to begin at the expiration of the referring Ambassador's existing, current annual subscription. A referring Ambassador may receive up to three (3) such 12-month reward subscriptions. A referring Ambassador must refer 5 new subscribers, qualified under the terms and conditions applicable to all subscribers, to earn one 12-month reward subscription. Partial year reward subscriptions will not be given for referral subscriptions of less than 5 new subscribers. Reward subscriptions awarded under this section have no cash value. In the event that a referring Ambassador cannot or chooses not to use an earned reward subscription, the referring Ambassador may donate said reward subscription to another person, organization, or business provided that such person, organization or business is not currently a CWBN subscriber and has not been a CWBN subscriber within the preceding 90 day period. Persons, organizations and/or businesses who are the intended recipients of a donated subscription under this section must submit a separate application and be approved as a CWBN subscriber.
