

TO BE MADE BY LABOR DAY

Story of the Forgiving Father

This original diorama is made of sturdy 3/8" Baltic Birch plywood. When assembled, it measures 10.5"W x 9.5" H x 9.5"D. We don't really need the arch across the top; it's basically a three sided house. It will need to be painted or stained.

Pharisee and the Tax Collector

To be built, then painted or stained. Dimensions: 10"W x 13"D x 9"H. Must have a front door that opens and closes and a rear doorway. We provide the figures.

The Insistent Friend

To be built, then painted or stained.

Needs movable doors, one that can be locked with a simple latch inside.

Dimensions are 11"W x 10"D x 7"H.

Based upon Luke 11:5-8.

TO BE MADE BY LABOR DAY

Wooden Platforms

You can visit the Atrium and see the ones we currently have. We need two more for the sacristy cabinet and the model altar.

Platform size for the sacristy cabinet: size should be 18"H x 10"D x 12"W.

Platform size for the model altar: 20"H x 12"D x 12"W

Both platforms will need to be stained.

Sturdy 3-Shelf Unit

Needs to hold a 2 gallon water container (12"H x 9"W) on the middle shelf. Can also be purchased at Home Depot. It's 14" W x 38" H.

The Found Coin

To be built, then painted or stained. Dimensions are 17"H x 8 "W x 7"D. Just a basic three square rooms with doors across from each other.
