Father will dismiss the children at the beginning of Mass, they will be brought to the Life Center by the facilitator. Parents are asked to pick up their child from the Life Center after Mass has ended. The Curriculum used during Children's Liturgy will be Pflaum Gospel Weeklies, the preschool edition Seeds, which is centered around the theme of the Sunday Gospel. Your child will bring home a lesson page each week which includes family friendly activities and online resources to help you and your child connect to the teachings of the church as a family.

I have read, completed, and understood this registration form.
