

To: SPS Families, Friends, Teachers and Students:

One of the goals of the HSA is to enhance academic achievement for our children and another is to support teachers and staff. These goals can only be achieved through the financial success of our activities during the year. Hopefully this survey will help us go in the right direction. We need YOUR help in preparing for this year's HSA programs and events. Please take a moment and tell us what is important to you.

Thank you for being involved in your child's education. To discuss further, please attend our HSA meetings!

**Fundraising**

As you know, fundraising is a necessary part of being able to support events or needed items in the school. Which fundraisers would you be more or less likely to participate in?

Passive fundraising (Box Tops, Clothing Drive, etc.)	More / Less
Traditional fundraising (Selling items)	More / Less
Fundraising in school events (Raffles, Holiday Boutique, etc.)	More / Less
Fundraising in evening adult events (Gift Harvest, Parent Nights Out, etc.)	More / Less

**Do you have any ideas for fundraising or other family events that you would like us to look into?**

**General**

What are some ideas you have that would make the school a better place and enrich our student and family experience?

Do you have any ideas how the HSA can promote, encourage and engage parents to participate in HSA and general school events?

From what you know about the HSA, what does the HSA need to improve on most?
