Greetings from Charis NSC,

20th March 2021

Dear Rev Fathers,

Sub : The Life in the Spirit Seminar -2021

The Charis NSC in the U.A.E. has come together in solidarity of Spirit, to propose a unifying and renewing “Life in the Spirit Seminar” for all parishioners across the U.A.E.

On the 3rd of July 2015 Pope Francis exhorted us to have Unity in working together for the poor and the needy, who are also in need of the Baptism of the Holy Spirit. It would be so beautiful to organize seminars of life in the Spirit, together with other Christian Charismatic realities: they too have the Spirit within who impels them, so that someone will open wide the door from the outside.

In keeping with the Pope’s message, it is our endeavour to reach out to all parish communities across the U.A.E and bring in the people to a consensus of worship and a clear understanding of how important the Holy Spirit is in each of our lives.

To this end, there will be Resource persons from across the world who will bring the messages of God to the people. There will also be a series of group reflections using the Breakout Rooms in Zoom. Each of these will be led by appointed individuals who will direct the discussions and prayers.

We hope that through these small group sessions, the communities will find solace under the auspices of the Church and feel connected again. We hope this will be a back to community experience for many people who are experiencing the spiritual ravages of a religious lockdown

This convention will be one with a difference. A coming together in loving harmony. The NSC has been formed for this very purpose and together with the Parish Service of Communion we will be at the service of the Church and her people.

The broad outline of the schedule is given below, but this is under review -

Day 1	23-Apr-21	INTRODUCTION AND GOD THE FATHER LOVES YOU PERSONALLY
Day 2	30-Apr-21	WHAT IS SIN? WHAT ARE ITS CONSEQUENCES? JESUS SAVES US AND SETS US FREE FROM SIN.
