Pastor's Column

Parish Center Reopens after Renovation; October Thank-Yous

Renovation concludes: The Parish Center is a key facility on our campus. It is the location of the Parish Offices, Religion Classes, Sharing Program Classes, Helping Hands/Food Bank, St. Vincent de Paul, Confirmation Classes, CYO, Girl Scouts, and a number of other ministries and organizations, as well as the main site of parish meetings.

The Parish Center Building, which served as the original church, convent and school, had not been renovated in many years and was in great need of being refurbished. Over the past four months, the building received new paint, new flooring, new lighting, new bathrooms, a new kitchen and some new artwork.

We hope you enjoy the upgrades to the Parish Center as you use it for meetings and for various sacramental and ministry needs. Thanks again to the family who generously provided the funds for the renovation (and who desires to remain anonymous).

Below are some photos of the renovated space, including the Reception Area, CYO Room and one of the Conference Room/Classrooms.

Thank-Yous: Some thank-yous are in order for ministry activities in the first half of October. Thank you to Danny Thiele for the Pro-Life Information Night; Keith Freire and the Men's Club for the Golf Tournament; Jessica Welty for the Father-Daughter Dance; Ron and Judy Carter for 40 Days for Life; Cathy and Allen Lorio for the Fatima Rosary March; the KCs and Daughters for God's Special Children Anniversary Mass; and Heather Trimber for Isaiah 43. Thanks to each of you and your helpers for an amazing half-month of ministry in our church.

God bless,
Fr. Joe
