Continuing information on Supreme Court's recent decision: The Supreme Court can't change the nature of the human person. God created male and female, blessed them and found his creation very good. This thus is a good thing and we are all called to accept and embrace our God-given sexual identity. This does not mean we adhere to stereotypes or rigid social roles it simply means to recognize the truth, goodness and reality of who we are as a woman or a man. Man and woman were designed by God in relation to one another and only man and woman can form a conjugal union that brings forth children. Pope St. John Paul II often reminded us of this gift, both in its beauty and the responsibilities it entails. (Deacon Roger)
