World Day of the Sick - February 11, 2020
Feast of Our Lady of Lourdes

Pope Francis frequently highlights our need for showing joy as one of the major marks of being Christian, and it is not surprising that he points towards the joyful possibilities that can be experienced even in times of sickness and ill health. He tells us that the development of the relationship of solidarity between sick people and their helpers can be a means to this joy. It is a gift we can give to each other to counter the seeming despair of the world in the face of suffering and our capacity to handle it.
