

Get your energy from above!

Support clean, renewable energy at home and in your faith community, with the help of Interfaith Power & Light (DC.MD.NoVA)!

AT HOME

WIND

Pay your home electric bill in DC or MD? Our partner Groundswell connects caring folks with affordable 100% wind power through your utility bill.

ipldmv.org/cleanenergy

ROOFTOP SOLAR

Caring homeowners are coming together to form solar buying co-ops throughout DC, MD, and VA with the guidance of our partners, Solar United Neighbors and Retrofit Baltimore. Each participant will own their system and will sign their own contract with the group's chosen installer.

COMMUNITY SOLAR

Are you a Pepco MD or BGE customer interested in solar, but are in a rental property or have been told your roof is not suitable for panels? We're working with Neighborhood Sun to help you subscribe to the energy produced by a nearby array.

IN YOUR FAITH COMMUNITY

WIND

Our partner Groundswell can connect DC and MD faith facilities with affordable contracts for 100% wind power through their utility bills.
