

It has come to our attention that there is confusion regarding the process we are currently engaged in to reconcile the Donors and Donations for the Building Projects (PACE I and PACE II). Some Parishioners and Donors have contacted the Parish office for information about this process. For transparency and clarification please see below the letter that has been sent to those who have inquired. This letter (updated on January 10, 2020) is also available on our website.

Dear Donor,

We thank you for your communication regarding the Building Project known as PACE, that began 20 years ago in 1999, here at St. Catherine of Siena Parish.

Letters have gone out to those who contributed to Fulfilling the Promise, hereto known as FFTP. Letters will be going out to donors of each of the PACE fundraising campaigns, (PACE I, PACE II) to verify the donations we have recorded for you. The letters will provide the information regarding the giving and offer an opportunity for you, the donor, to confirm your gift.

The next phase will be to communicate the total funds collected, expenses spent for that campaign and the individual's contribution. Each campaign had different goals and fulfillments. We are doing our best to compile the most complete presentation of these campaigns.

Once that is complete, we provide a complete assessment of each campaign's income and expenses. This will include the total funds collected and the expenses spent for that campaign. Each campaign had different goals and fulfillments. We are doing our best to compile the most complete presentation of these campaigns. The completion of this phase of the process will allow us to clearly communicate the percentage each donor will be allocated for return or redirection. When that process is completed, a notice will go to all donors, giving them the selection option.

It has been communicated through the Parish bulletin, website and pulpit announcements, that each PACE I and PACE II donor will be able to request a refund of their contribution or select to have the funds redirected to the needs of the Parish and School. **The FFTP campaign does not have funds available to be returned to the donors. All funds for FFTP campaign were used as outlined in the costs of the campaign.**

For more information please email the St. Catherine Parish Leadership @ stcatherineparish@stcmtz.org

Thank you for your patience as we navigate this process.
