

BUILDING PROJECT UPDATE

St. Catherine of Siena Parish Leadership thanks all parishioners and donors who have so faithfully been good stewards in sharing their treasure over the last 20 years. We acknowledge that we have been unable to provide further information regarding the status of the funds from our Building Project (PACE 1, PACE 2, and Fulfilling the Promise). All funds for these projects are held in separate accounts through the Diocese of Oakland Savings and Loan program. A snapshot of the accounts is shown below. We have worked in collaboration with the Diocese of Oakland to facilitate the return or redirecting of your donations. We are happy to share that donors from all three campaigns (PACE 1, PACE 2, and Fulfilling the Promise) will be able to either reclaim or redirect their donations to the needs of St. Catherine of Siena Parish. Our efforts have been slightly delayed by the current quarantine situation, but we are working diligently to get the information to you. Please watch your mail for upcoming correspondence regarding this process. If you have any questions please email stcatherineparish@stcmtz.org
