WEEK 1 (optional or extra)

Unit 1 - EQ 1 - 1st to 3rd Grades Activities

Provide strips of paper in which child/ren can write or draw – depending on the grade level - one word or drawing describing ways that God's love can be shared with others (at home, church, school and neighbors). Once they have a good number (o slips of paper filled) of ideas, they can then be stapled or taped together to make a chain. Display the chain on altar for the week and get time to praise your child/ren for coming with those ideas. All members of the family can participate in this. The longer the chain is, the greater love that family shows to God and others. You may continue adding chain links every day you see a member doing something kind for another person.

GOD'S CHAIN OF LOVE SHOWS MY LOVE FOR HIM AND OTHERS

Vertical dashed lines for writing or drawing.
