Peek to our learning this week:
**Phonics:** This week we will take a break from our spelling and focus on reading comprehension.

**ELA:** This week we will read chapter 7 independently in the *Dragon of the Red Dawn* and record key details on the capturing details recording form. We share and discuss the key details of chapter 7 with the class on Tuesday.

**Math:** We will use the distributive property of multiplication to multiply with 9. Students will learn to solve multiplication problems by using the strategy *make a table*.

**Religion:** This week we will learn about the season of Advent.

**Science:** Turkey Escape Stem Challenge: Students will build a launcher to help the turkey “escape” from the farm. The students start with a simple craft stick catapult and will use an engineering design process to improve their designs.

**Social Studies:** We will learn about the national identities, religious beliefs, customs and various folklore traditions of California American Indians.
