

2nd Grade

WEEK OF SEPTEMBER 16TH

If your child wore their uniform to the 9:30am Family Mass, they have free dress on Monday.

Starting this week, you may be seeing a new helper in our classroom in the afternoon, Ms. Carlee Wiles. She is a senior at Livermore High School and is a ROP intern. She will be helping in my class in the afternoons everyday except our early dismissal Wednesdays. She is learning the aspects of being a teacher as she decides if this is a career path she would like to pursue in the future. She will be working with students one on one, in groups and also may be leading a whole class project. I will be guiding and leading her with what will work best with our students.

On Wednesday a field trip form went home so your child can go to the Crayon Initiative in Danville. Our class will be doing the Crayon Initiative at our school as part of our service learning project. They take old crayons and remelt them for art programs in hospitals. Here is a link to their website if you want to know more about the organization

<https://thecrayoninitiative.org/> In the field trip form that went home, I mentioned that the company needs you to fill out a waiver before your child can go into the facility. It is a digital form so here is the link for the waiver

- No School- Friday, September 20th (Teacher Workday)
- 12:15 Dismissal on Friday, September 27th for the St. Michael Celebration
- Make-up Pictures are Monday, September 30th- Bring the original pictures if your doing a retake

Language Arts/Reading: We are learning how to write a letter and we are continuing to read informational text.

Math: The students will be preparing to take their chapter 1 test this week.

Religion: We will be finishing how to be a follower of Jesus. Then we will be learning about Pentecost and start of the Catholic Church.

Social Studies: This week students will be looking at how to be a good citizen.

Science: We did our first experiment on how different seeds move. Ask your child what seed flew best and why it needs to avoid the zone of darkness.

Rotocopter Seeds

Spinner Seeds

Glider Seeds
