**New Parishioners** - We warmly welcome Janet and Paul Sonnier to St. Michael's parish family.

**Bread Broken and shared** – The Eucharist has an extraordinary potential for bringing about personal and global transformation. If ever it is vitalized into being a sacrament of communion through effective personal sharing, it can successfully challenge the comfortable cultural values most people blindly accept. If Christians ever begin to practice what Jesus has taught and exemplified when he took, blessed, broke and gave bread to be distributed, many of the world's problems would be solved at both personal and institutional levels.

A true Eucharist is never a passive, comforting moment alone with God, something which allows us to escape the cares and concerns of everyday life. Eucharist is where all these cares and concerns come to a focus, and where we are asked to measure them against the standard lived by Jesus when he proclaimed for all to hear that the bread that he would give would provide life for the entire world. But it will do so only if, finding ourselves with a basket of bread, we have peered deeply enough into the heart of Christ to know what to do with it.
