**Did You Know That** – “Every single day the Catholic Church feeds more people, houses more people, clothes more people, cares for more sick people, visits more prisoners and educates more students than any other church or institution the planet. Yet just 7% of our Catholics are accomplishing more than 80% of what the Catholic Church is doing. Just imagine what 14% could do, or 21% or 35% ? The potential is incredible. The Catholic Church is a sleeping giant. We literally have the power to change the world. If we engage just another 1% of our parishioners over the next year, transforming them into Dynamic Catholics,

it would result in 11.4% more volunteer hours which could change our community. Are you already part of the 7%? If not, would you step up and become part of the 1% this coming year? It's something to think about.”

Excerpts from Matthew Kelly's book  
The Four Signs Of A Dynamic Catholic
