## Dear Parishioners and Friends of St. Mary's of the Lake:

[Below is the 2nd of 3 parts of Pope Francis' Audience Sept 9, 2020 on Catechesis on 'Love and the Common Good'].

[cont'd] We know that love makes families and friendships flourish; but it is good to remember that it also makes social, cultural, economic and political relationships flourish, allowing us to construct a 'civilization of love', as St. Paul VI loved to say and, in turn, St. John Paul II. Without this inspiration the egotistical, indifferent, throw-away culture prevails — that is, to discard anyone I do not like, whom I cannot love or those who seem to me as not useful in society.

◆ Today at the entrance, a couple said to me: 'Pray for us because we have a disabled son' I asked: 'How old is he?' — 'He is pretty old' — 'And what do you do?' — 'We accompany him, we help him'. All of their lives as parents for that disabled son. This is love. And the

enemies, the political adversaries, according to our opinion appear to be politically and socially disabled, but they seem to be that way. Only God knows whether they truly are or not. But we must love them, we must dialogue, we must build this civilization of love, this political and social civilization of the unity of all humanity. All of this is the opposite of war, division, envy, even wars in families: inclusive love is social, it is familial, it is political... love pervades everything!

◆ The corona virus is showing us that each person's true good is a common good, not only individual, and, vice versa, the common good is a true good for the person. (cf. CCC, 1905-1906). If a person only seeks his or her own good, that person is selfish. Instead, a person is more of a person when his or her own good is open to everyone, when it is shared. Health, in addition to being an individual good, is also a public good. A healthy society is one that takes care of everyone's health.

◆ A virus that does not recognize barriers, borders, or cultural or political distinctions must be faced with a love without barriers, borders or distinctions. This love can generate social structures that encourage us to share rather than to compete, that allow us to include the most vulnerable and not to cast them aside, and that help us to express the best in our human nature and not the worst. True love does not know the throw-away culture, it does not know what it is. In fact, when we love and generate creativity, when we generate trust and solidarity, it is then that concrete initiatives for the common good emerge.

◆ And this is true at both the level of the smallest and largest communities, as well as at the international level. What is done in the family, what is done in the neighborhood, what is done in the village, what is done in the large cities and internationally is the same; it is the same seed that grows and bears fruit. If you in your family, in your neighborhood start out with envy, with fights, there will be 'war' in the end. Instead, if you start out with love, sharing love, forgiveness, there will be love and forgiveness for everyone. [TO BE CONTINUED]

## COVID-19- PRAYER:

Jesus, during Your ministry on Earth You showed Your power and caring by healing people of all ages and stations of life from physical, mental, and spiritual ailments. Be present now to people who need Your loving touch because of COVID-19. May they feel Your power of healing through the care of doctors and nurses.

Take away the fear, anxiety, and feelings of isolation from people receiving treatment or under quarantine. Give them a sense of purpose in pursuing health and protecting others from exposure to the disease. Protect their families and friends and bring peace to all who love them.
